Activities & Interests

NUWiT (Women in Technology club) - Design Chair, painting, hiking, reading

Experience

Scout Studio (Boston, MA)

Developer / Designer

September 2020 – Present

- Collaborate with team members to design brand identity and develop marketing website for an on-campus venture capital organization.
- Present at weekly client meetings on design decisions, keeping various stakeholders informed about progress.

Coverys (Boston, MA)

Information Technology Co-op (Fullstack Developer)

January – August 2020

- Developed features for an online learning management system built in the ASP.NET MVC framework. Improved site functionality in areas relating to front end styling, data validation, and data transfer between database and user interface.
- Wrote SQL scripts and created layouts for programmatically generated reports.
- Collaborated with developers and business analysts in an Agile development process and participated in weekly code reviews.

Tastemakers Magazine (Boston, MA)

Designer

September 2019 – Present

- Designed magazine spreads and marketing collateral, adhering to style guidelines and strict deadlines.
- Contributed to team critiques and made iterative refinements from feedback.

Projects *(please see www.angelinahan.com for more)*

Is This Recyclable? *May 2020*

Developer & Designer

- Collaborated with teammates to ideate, wireframe, and develop a web application using Flask framework.
- Analyzed user-uploaded photos using a Python image recognition library to determine whether the items in the photos were recyclable.
